Technology, Jaipur

About the Institute:

Shree Krishna College, Sikandra was established in 2016 with the purpose of providing trained teachers to the school and the best civilized leaders to society. Our institution is recognized by UGC under section 2(f) and 12 (B). The institution is managed by Shri Krishna Public School Shikshan Sansthan Sikandra, Dausa and affiliated with the University of Rajasthan, Jaipur for B.A-B.Ed. & B.Sc-B.Ed and B.A. & B.Sc. Courses.

The institution provides adequate opportunities for the holistic development of teacher trainers through co-curricular and extra-curricular activities. The institution imparts quality education to meet the changing needs of society. The institution creates an environment conducive to continuous learning through the quality teaching- learning process.

Objective of Conference:

- To awareness about data collection tools.
- To knowledge about data collection tools.
- To knowledge how to useful data collection tools in our life.
- Types of Data collection tools.
- Properties of data collection tools.
- Work of data collection tools.

About the Conference:

Shree Krishna College, Sikandra Is organizing Two days National Conference on Tools of data collection research methodology. The Shree Krishna Conference (SKCON) aims to convene prominent academics, scientists, tech. expert, and research scholars from all over India. The primary goal of this conference is to facilitate the exchange of expertise, formulation of innovative approaches, and deliberation on the latest advancements in their respective domain, with a special emphasis on strengthening the academic relationship between the all over India's candidate. The term "Data collecting tools" refers to the tools/device used to gather data, such as a paper questionnaire or a system for computer-assisted interviews. Tools used to gather data include case studies, checklists, interviews, occasionally observation, surveys, and questionnaires.
